HEALTH, SAFETY AND QUALITY POLICY

The Health, Safety and Quality Policy of Lark rock Limited is committed to complying with all statutory health safety and quality policies and codes of practice particularly those outlined under the Safety , Health and Welfare Act of 2005 and Safety, Health and Welfare at Work (General Application) Regulations 2007 (S.I. No. 299 of 2007).. It will also review new legislation and add it to its work practices where necessary

The organization is committed to

- Assess risks and approaches available on each project
- Set and review quality objectives
- Inform, train and motivate staff, contractors and subcontractors
- Make clear agreements and honor them
- Improve services and products provided within the scope of such agreements
- Work according to effective, efficient and integrated methods
- Measure the quality of its workmanship and discuss this openly with everyone concerned
- Seek continuous improvement in their approaches to quality management
- focusing on our customer's needs and developing services which will exceed the customer's expectations.
- Establish policies, programs and practices to reduce risk to the organization and conduct business activities in an effective manner, while meeting statutory and regulatory requirements.
- continuous improvement of all of its processes in the Quality Management System.

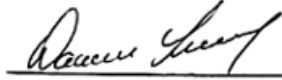

The organization has determined that:

- Through communication it can find innovative processes to improve the service to its customers through daily communication with staff , contractors and subcontractors .
- Through training and assessment of our employee's and all subcontractors and contractors skills, and provision of appropriate resources, it will meet the customer's needs and ensure it remains customer focused.
- Comply with all legislation and code of Practices identified in the quality statements . It will also review new legislation and add it to its work practices where necessary

LARKROCK — H O M E S —

- The organization will review the performance and effectiveness of its systems through robust management review and internal audit processes and will continually look for self-improvement.

Signed

Damien Tracey
